

# add\_end

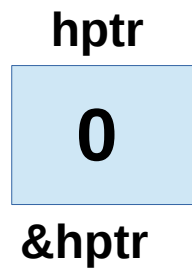

# add\_end

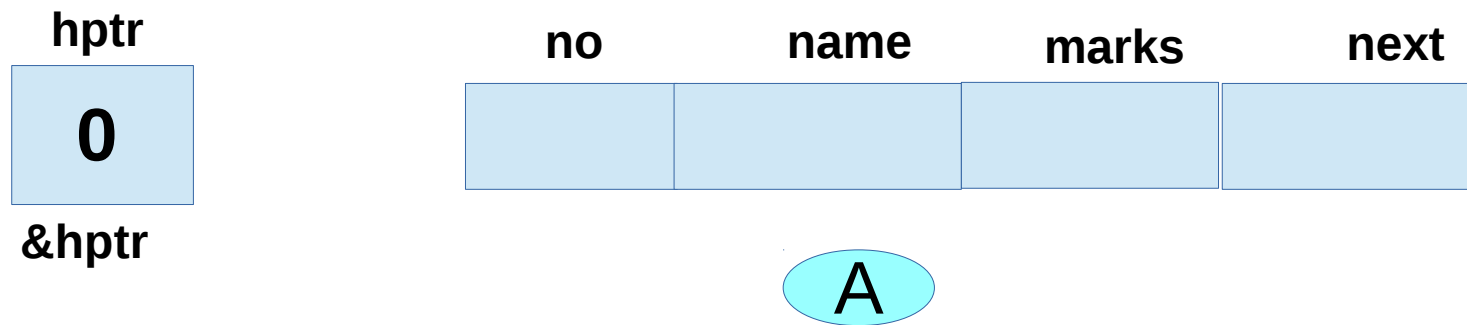

Insertion of every new node at the end (last->next)

If you enter 1st student record

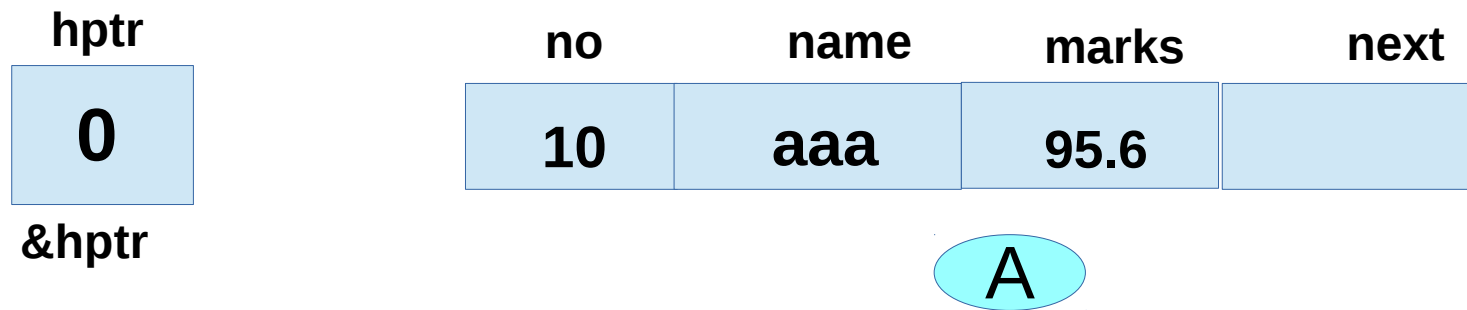

# add\_begin

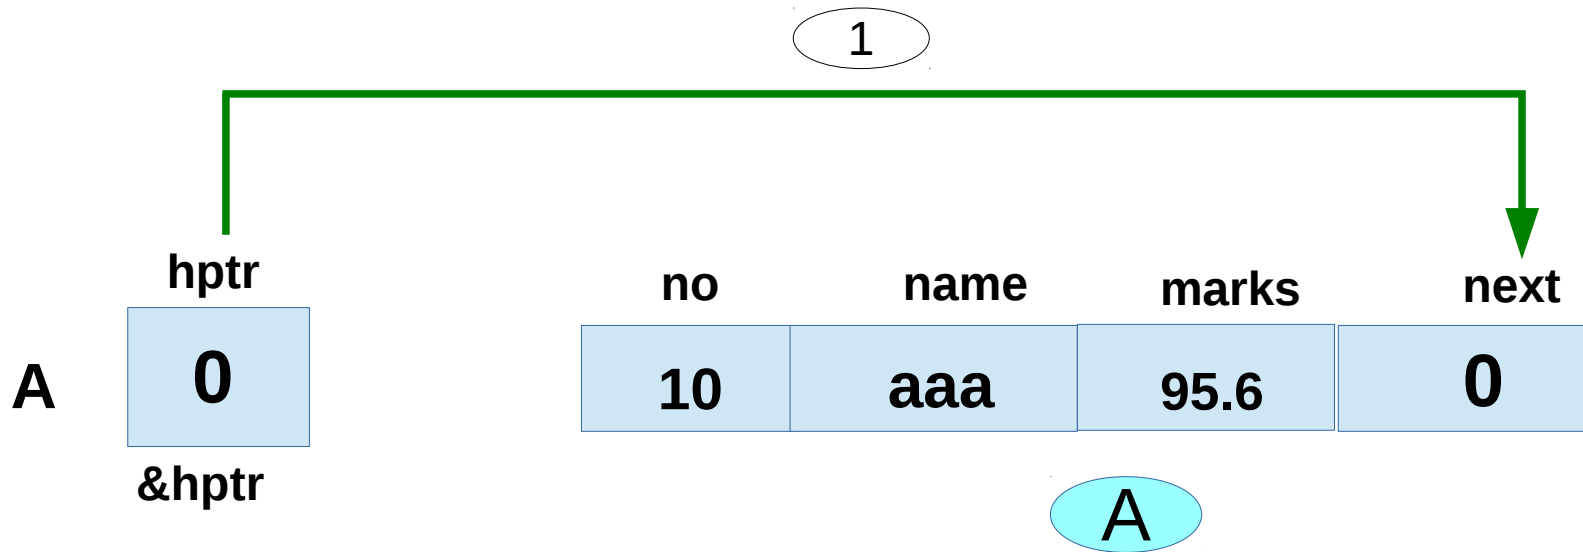

# add\_begin

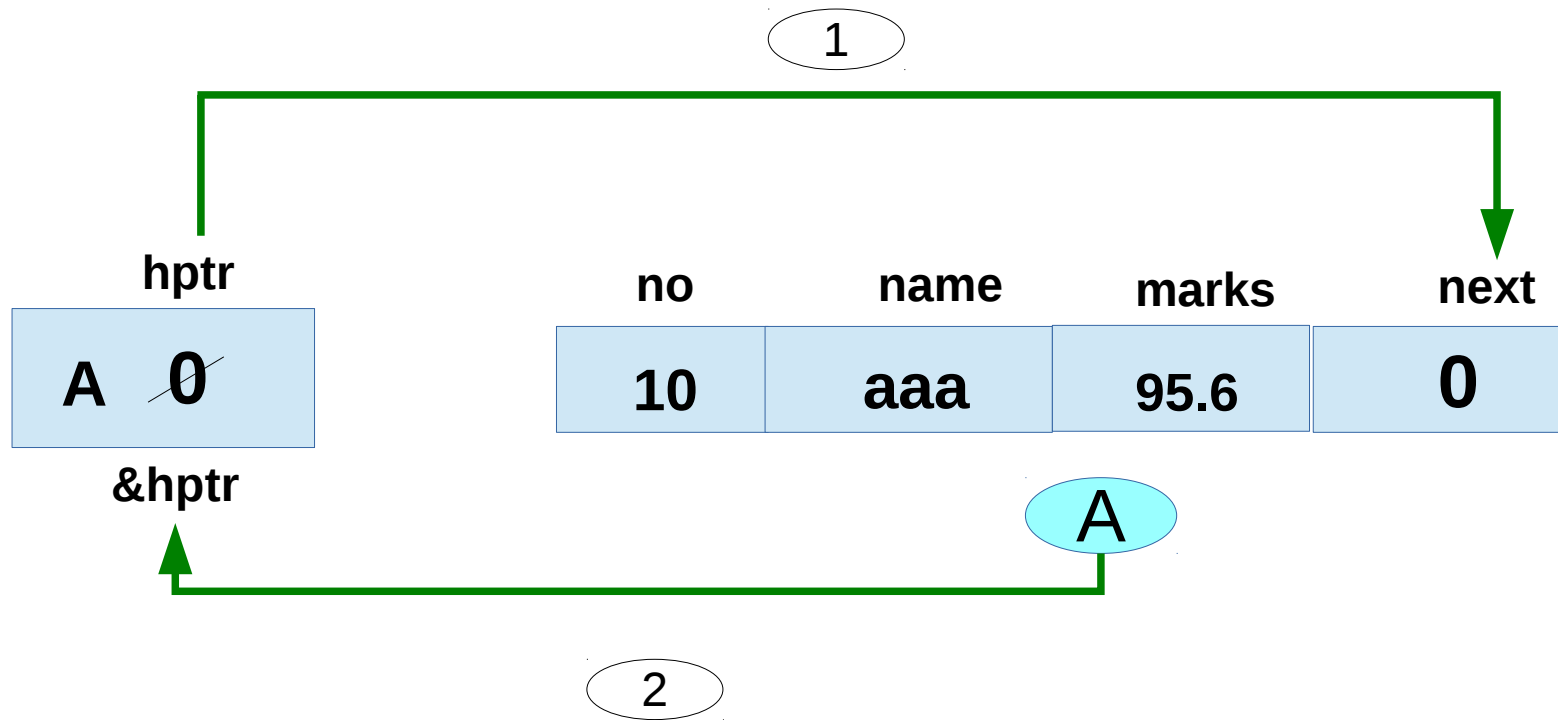

# add\_begin

# add\_begin

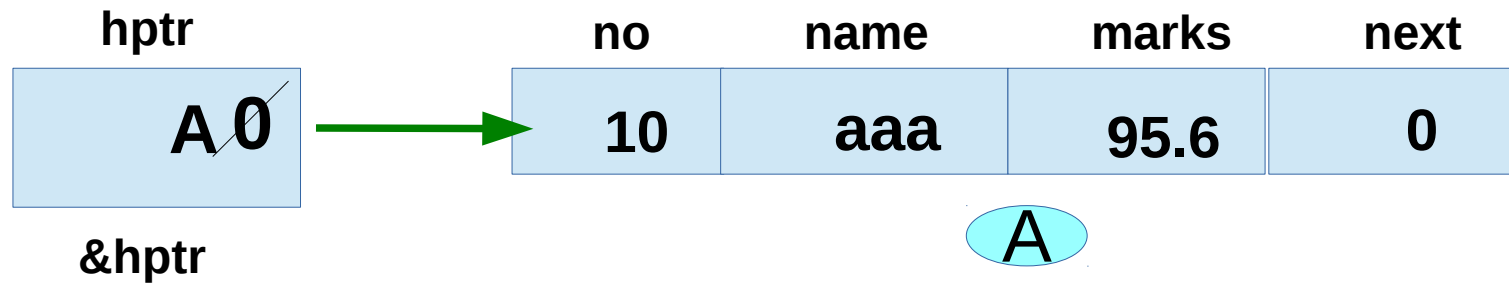

# add\_begin

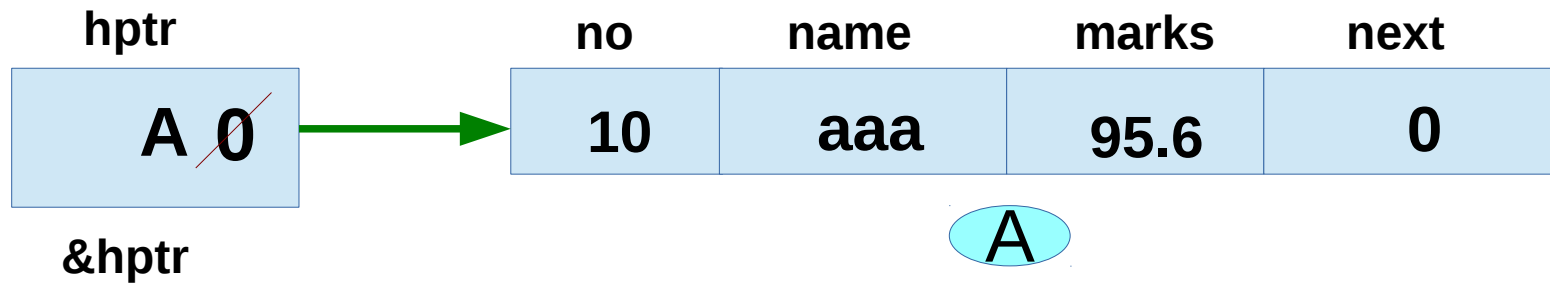

# add\_begin

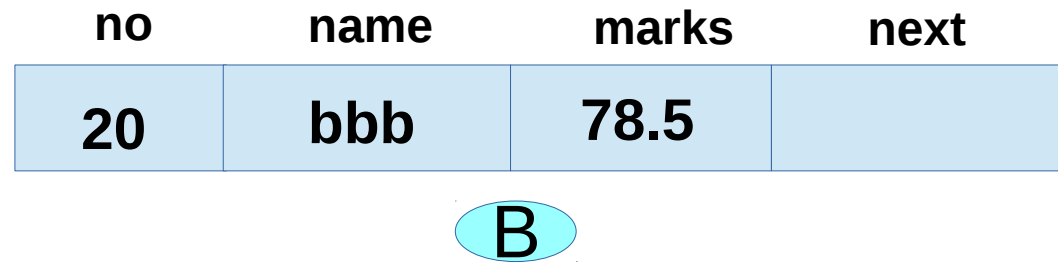

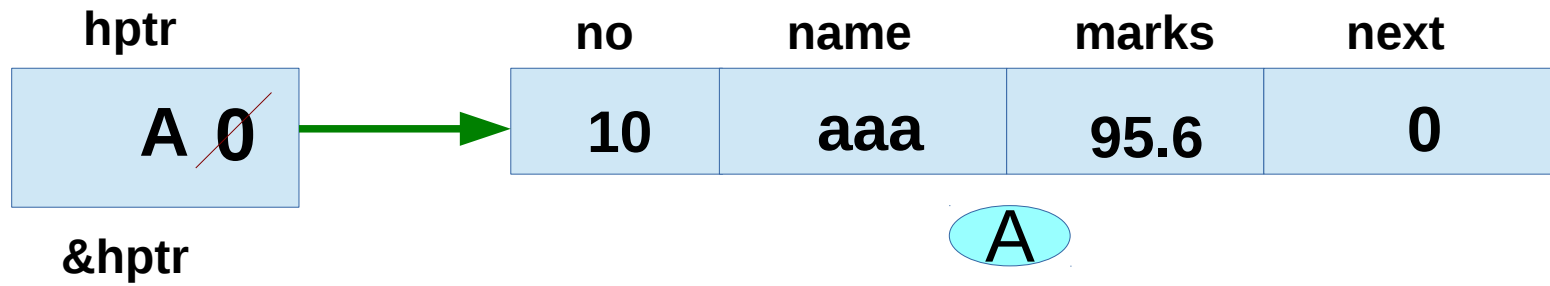

If you enter 2nd student record

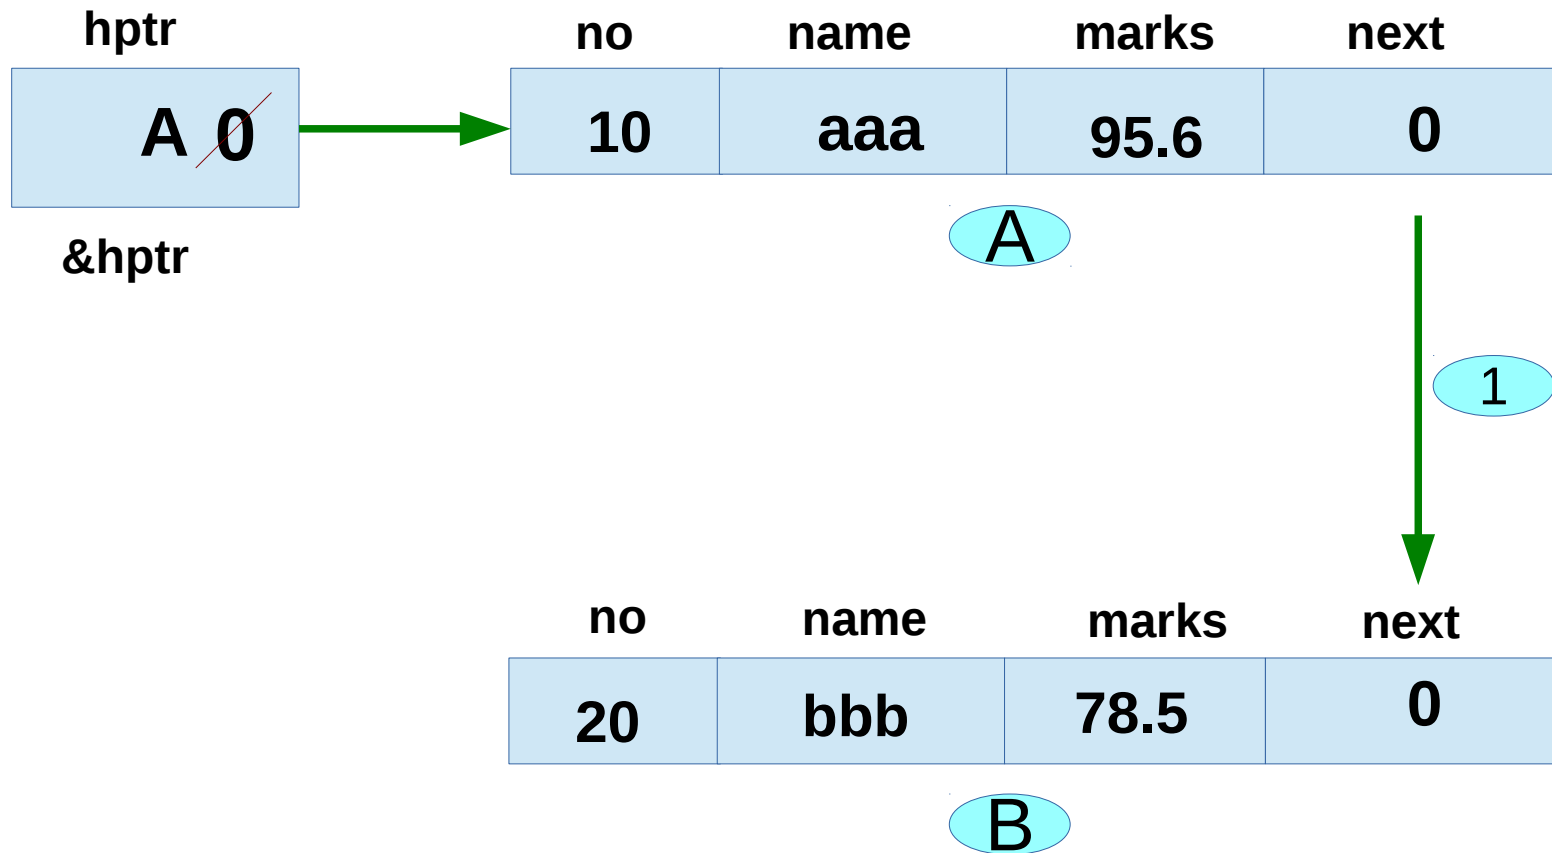

# add\_end

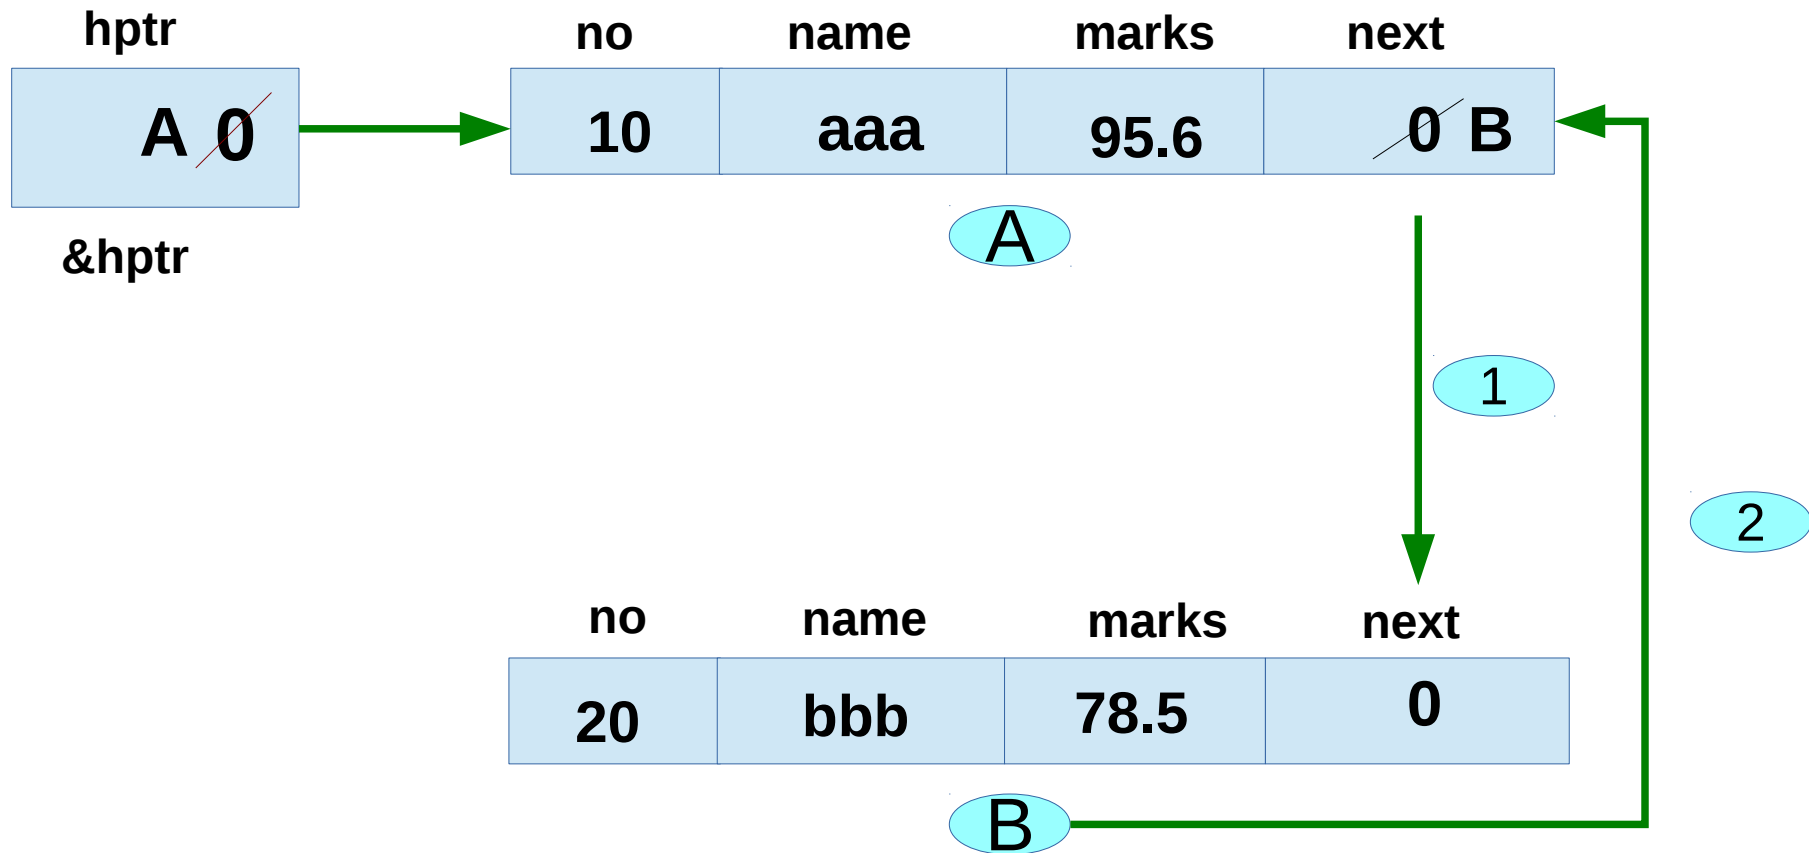

# add\_end

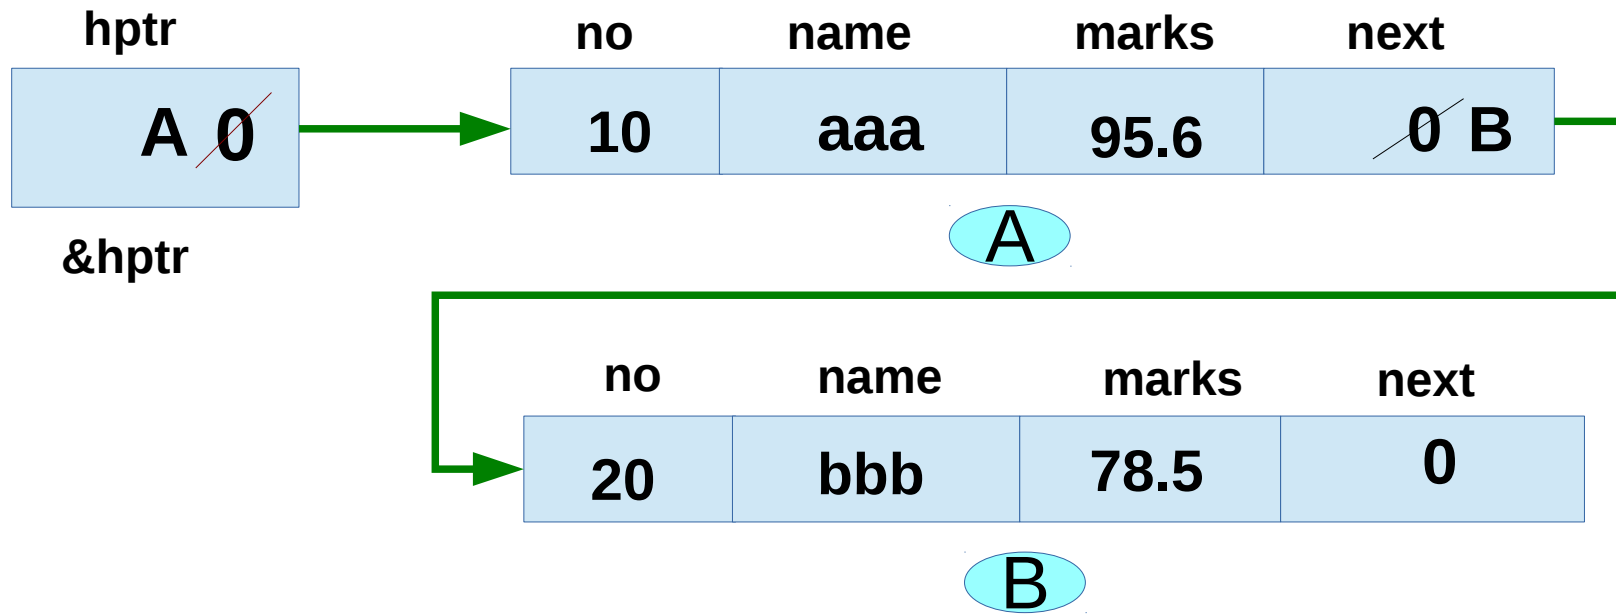

# add\_end

# add\_end

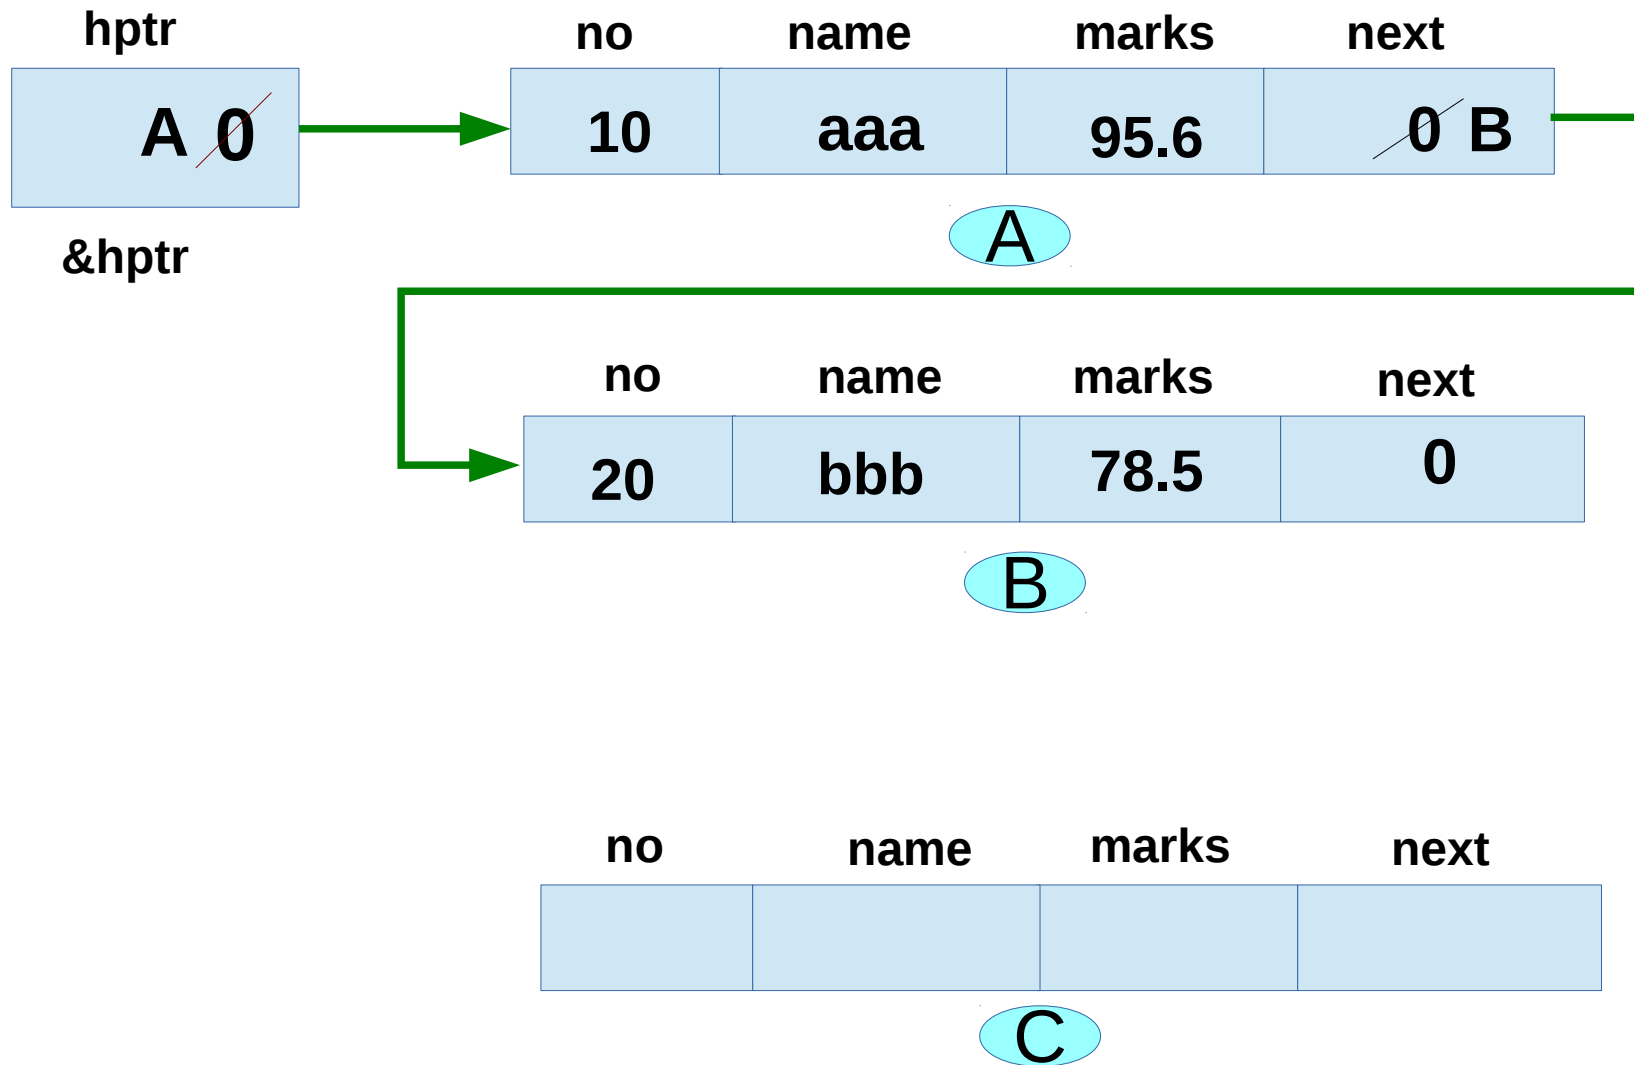

# add\_end

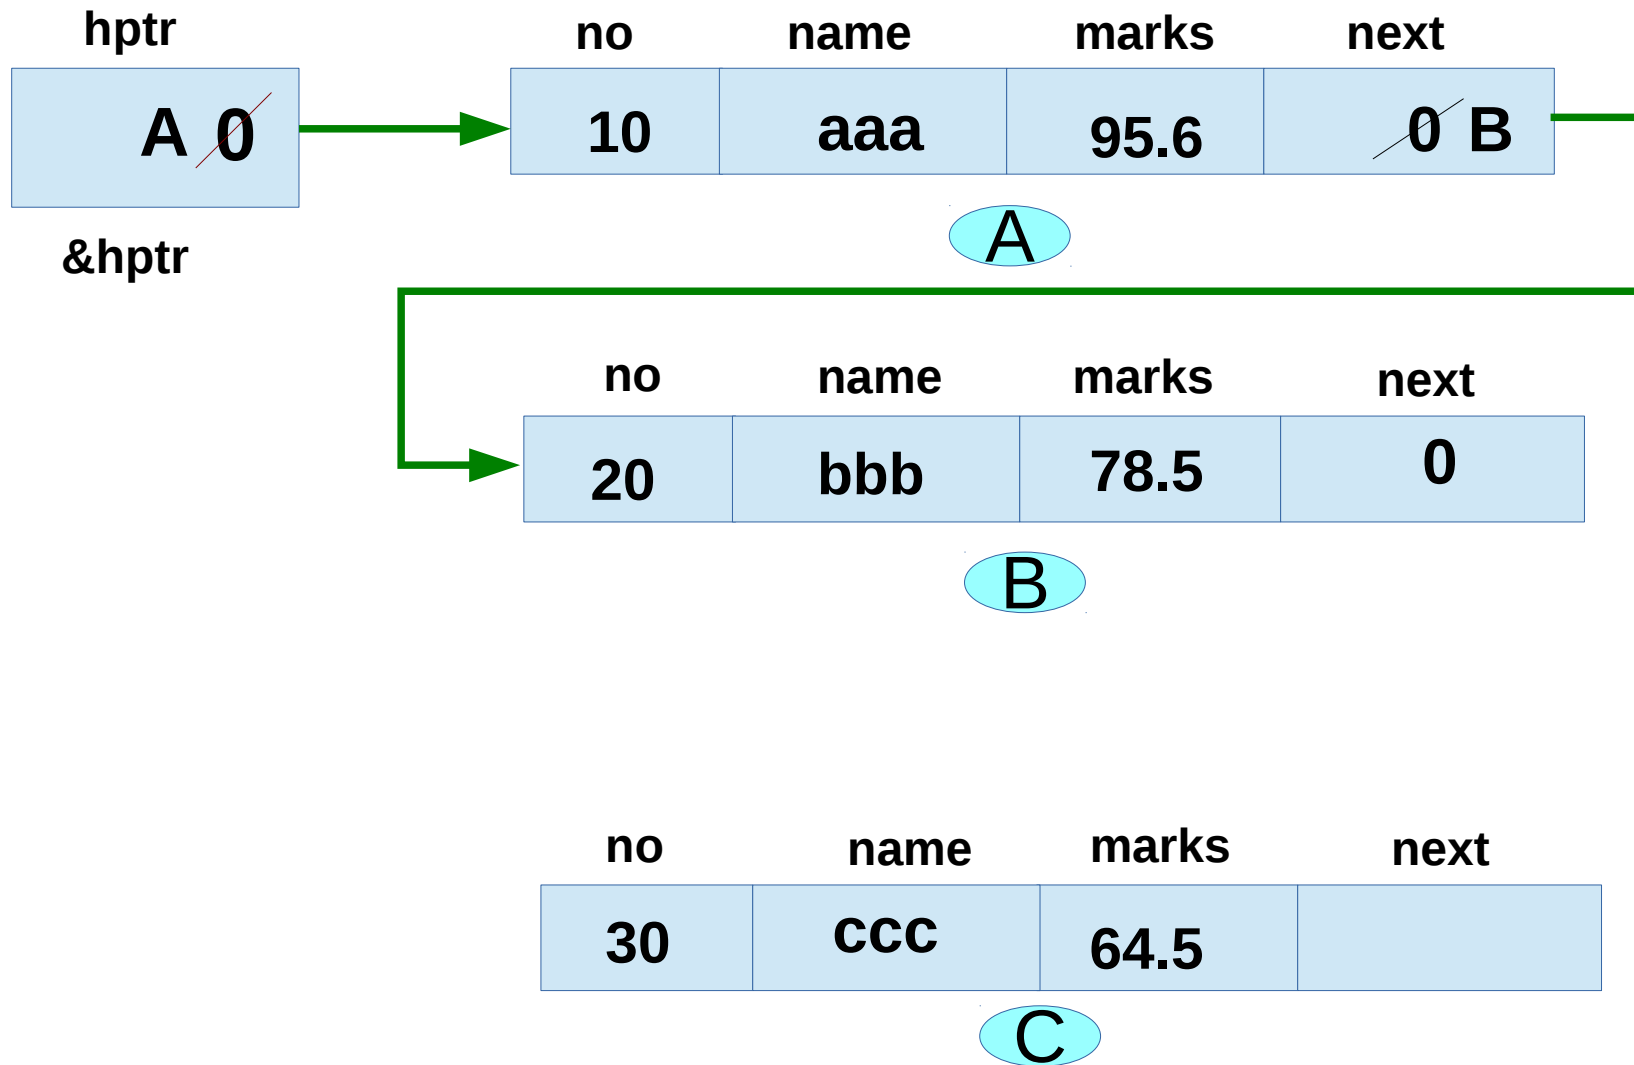

If you enter 3rd student record

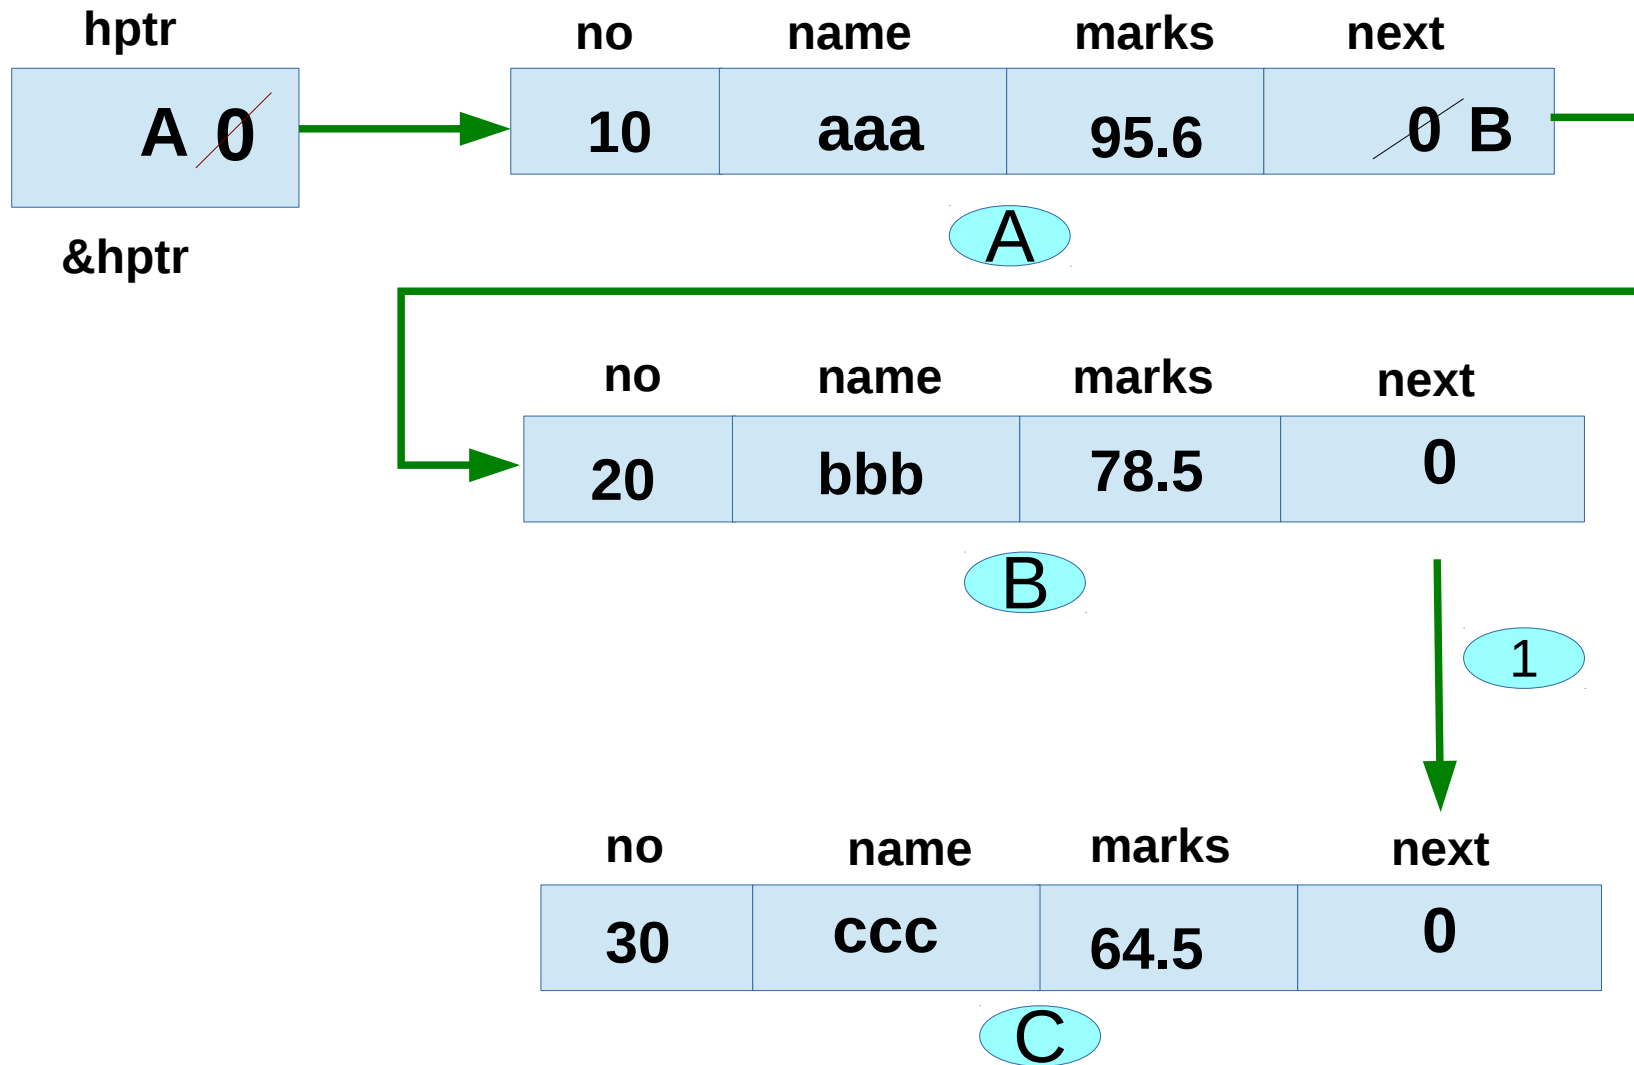

# add\_end

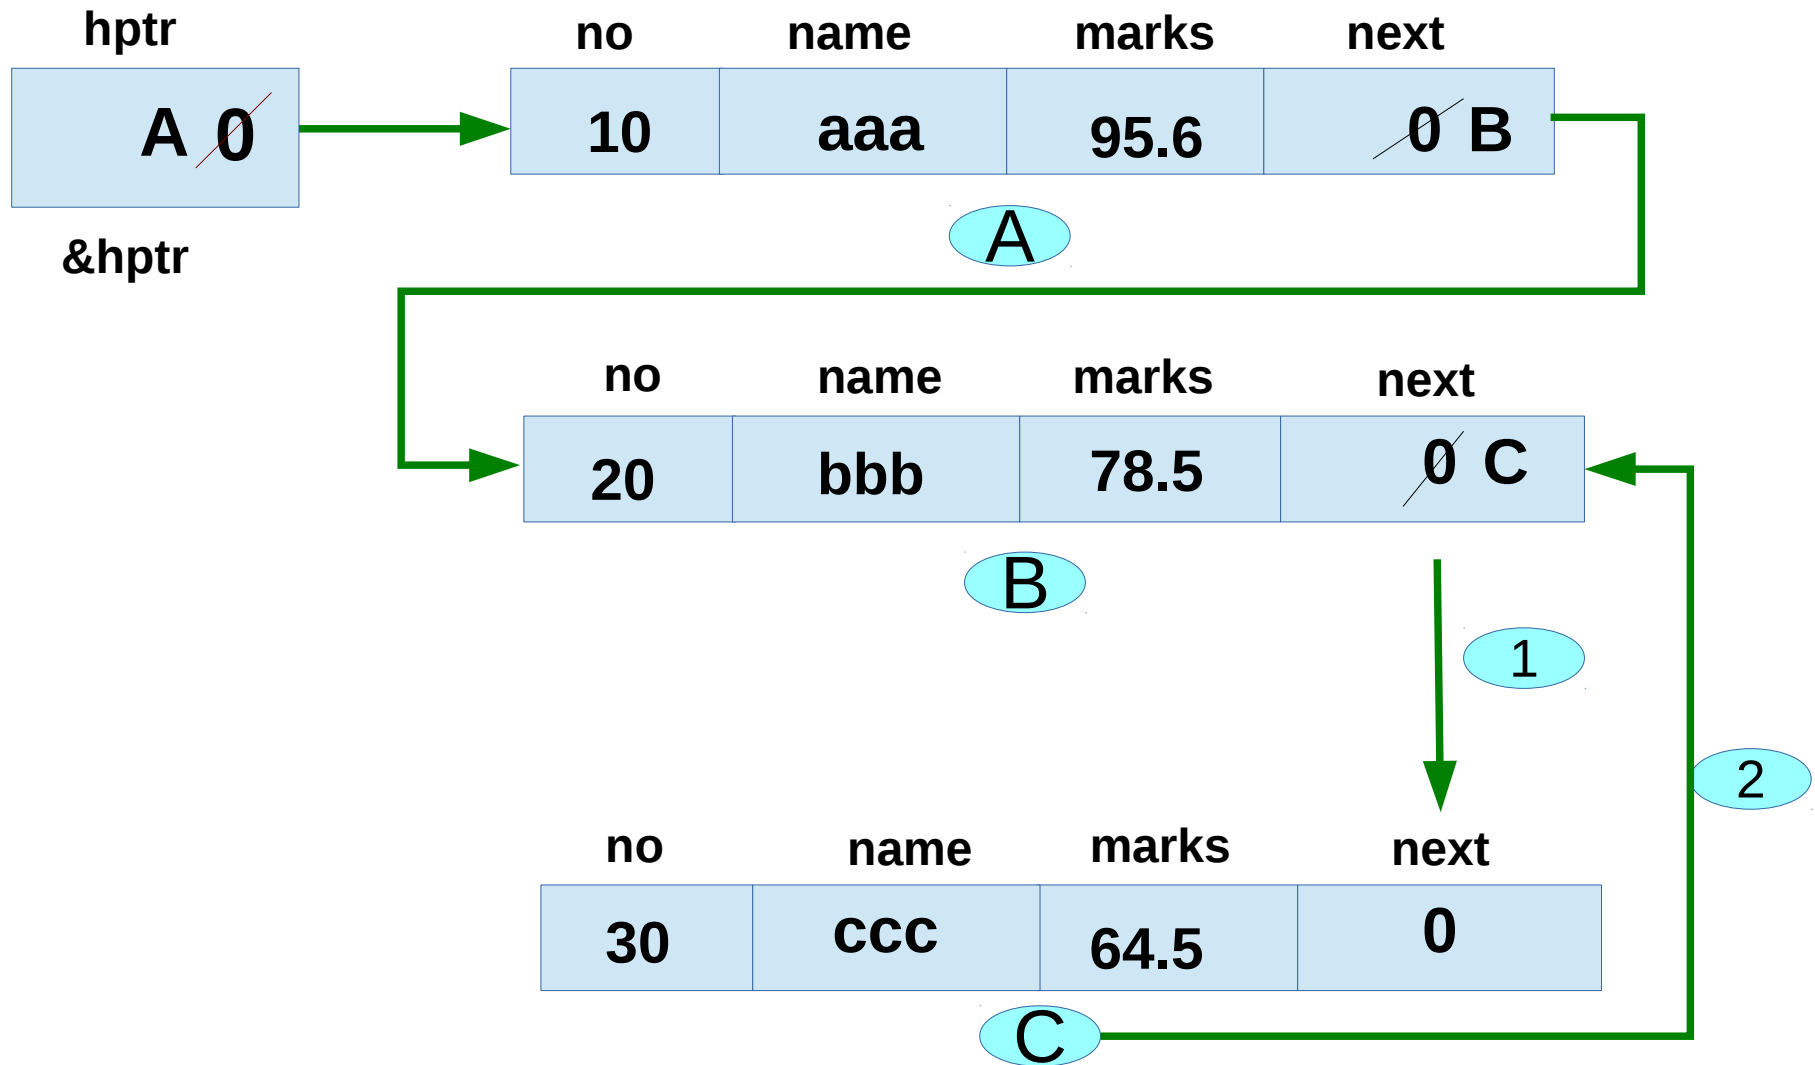

# add\_end

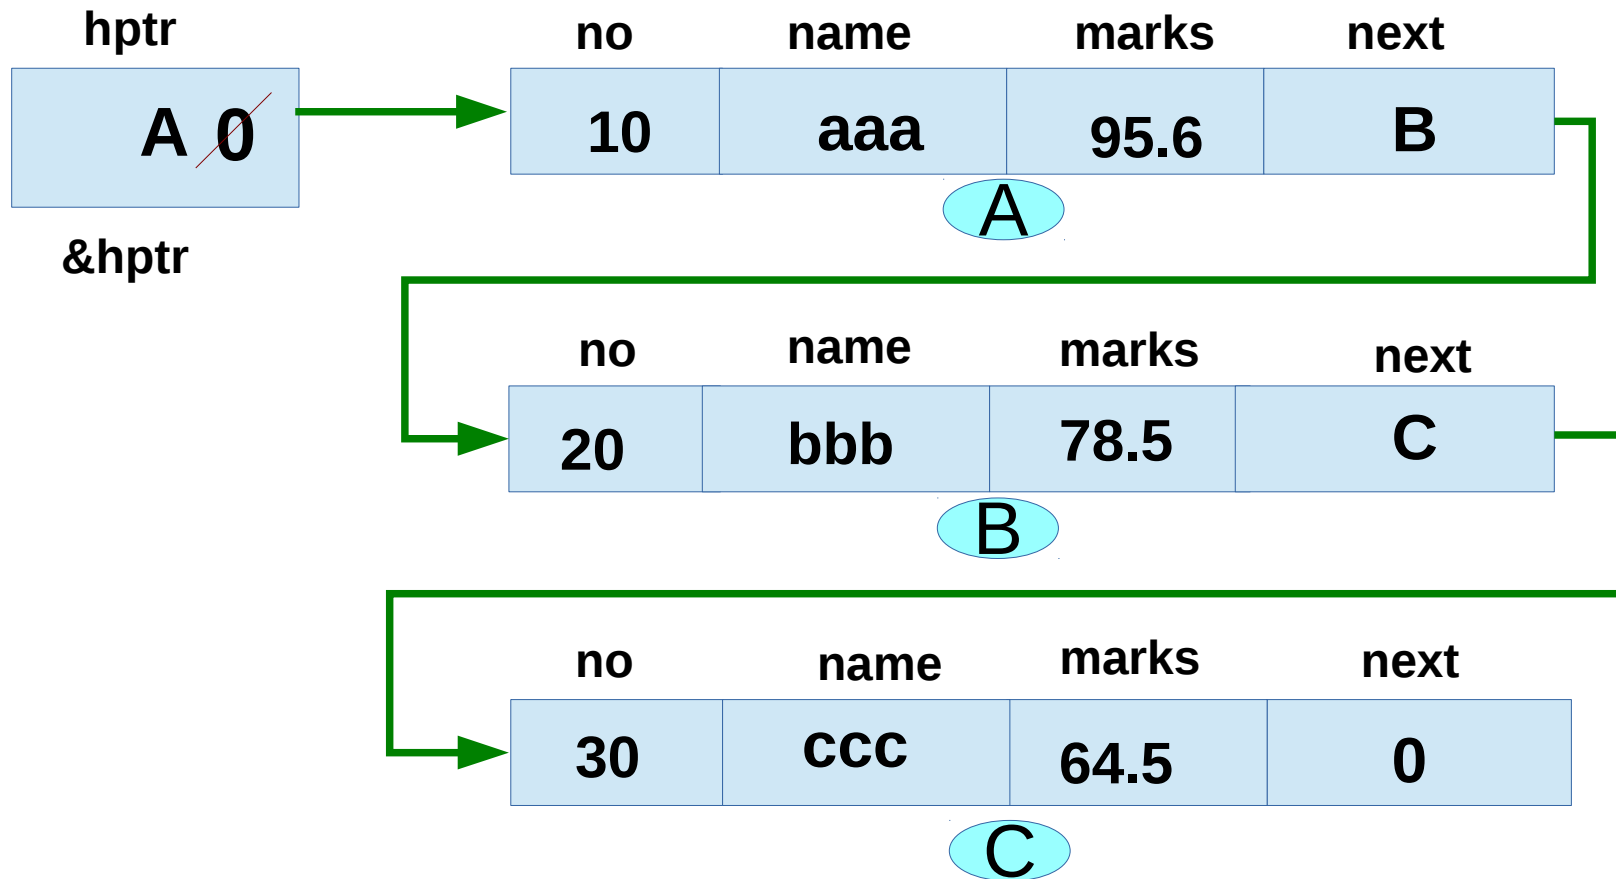

# add\_end

# add\_end

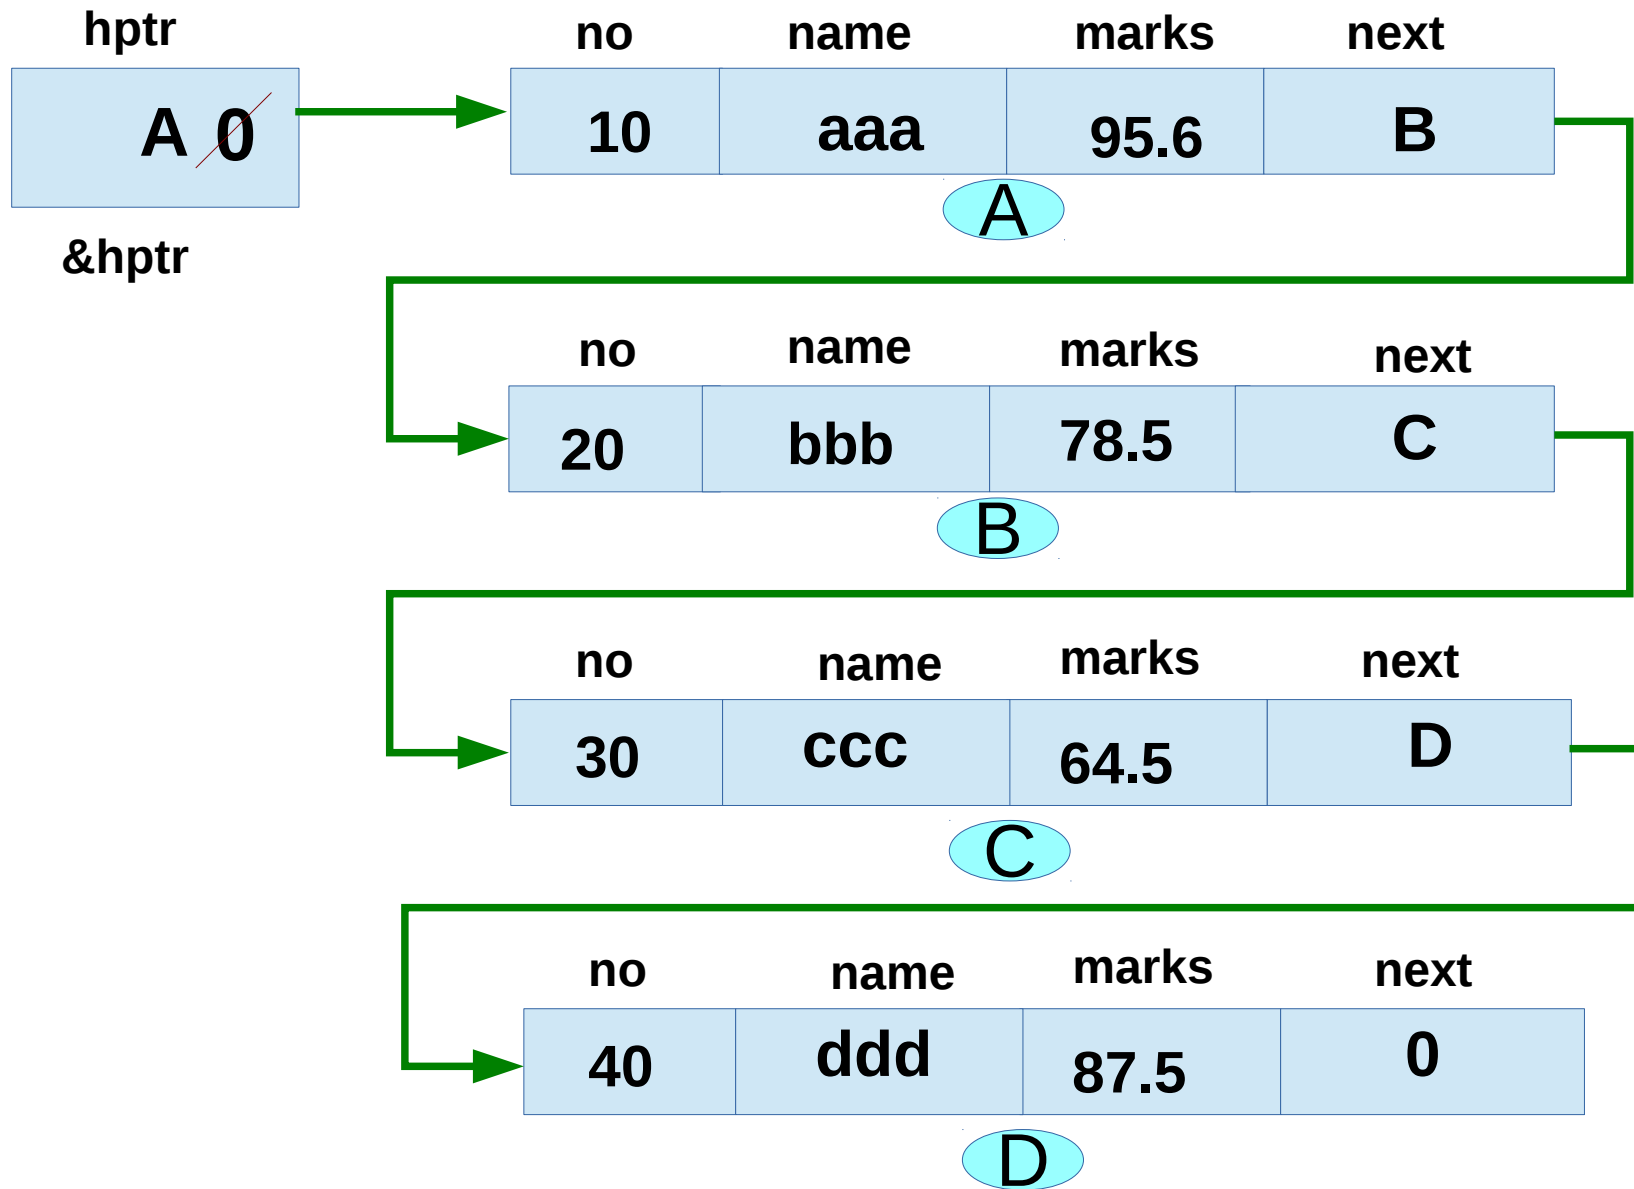

# add\_end

In the same way after entering 4 student records

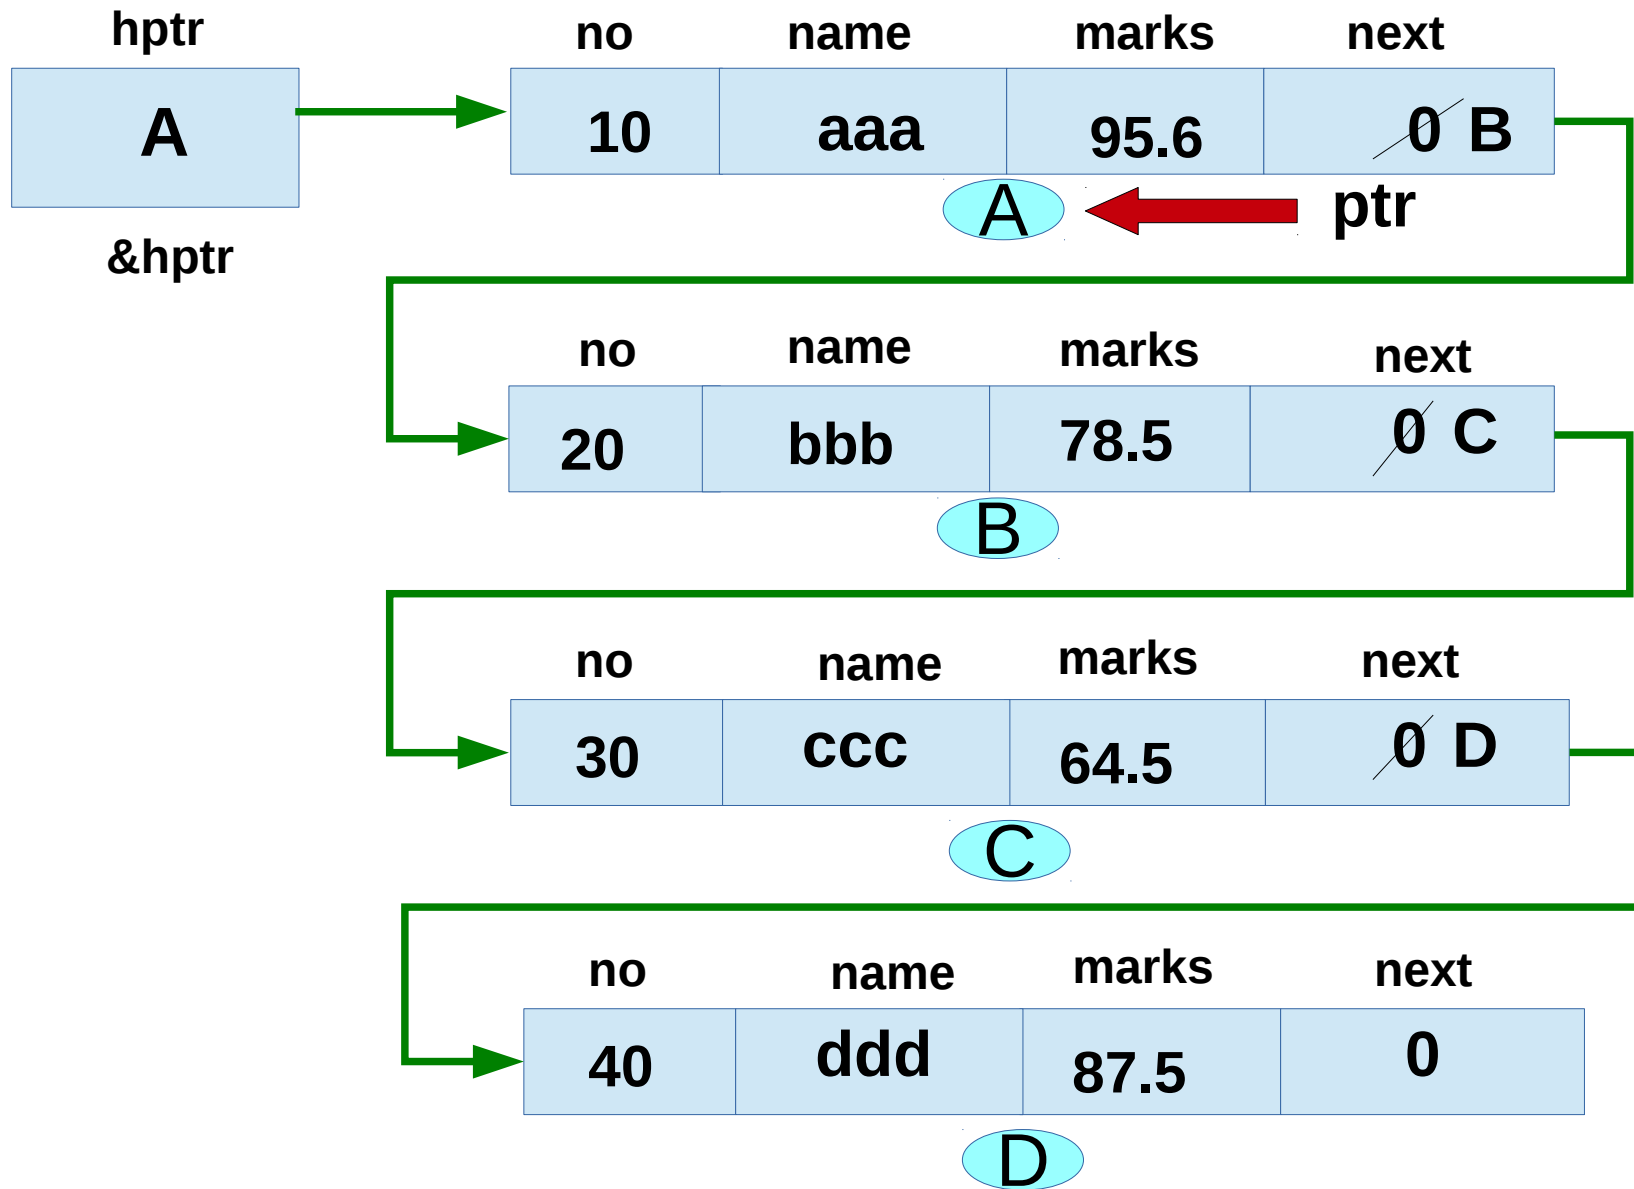

# add\_end

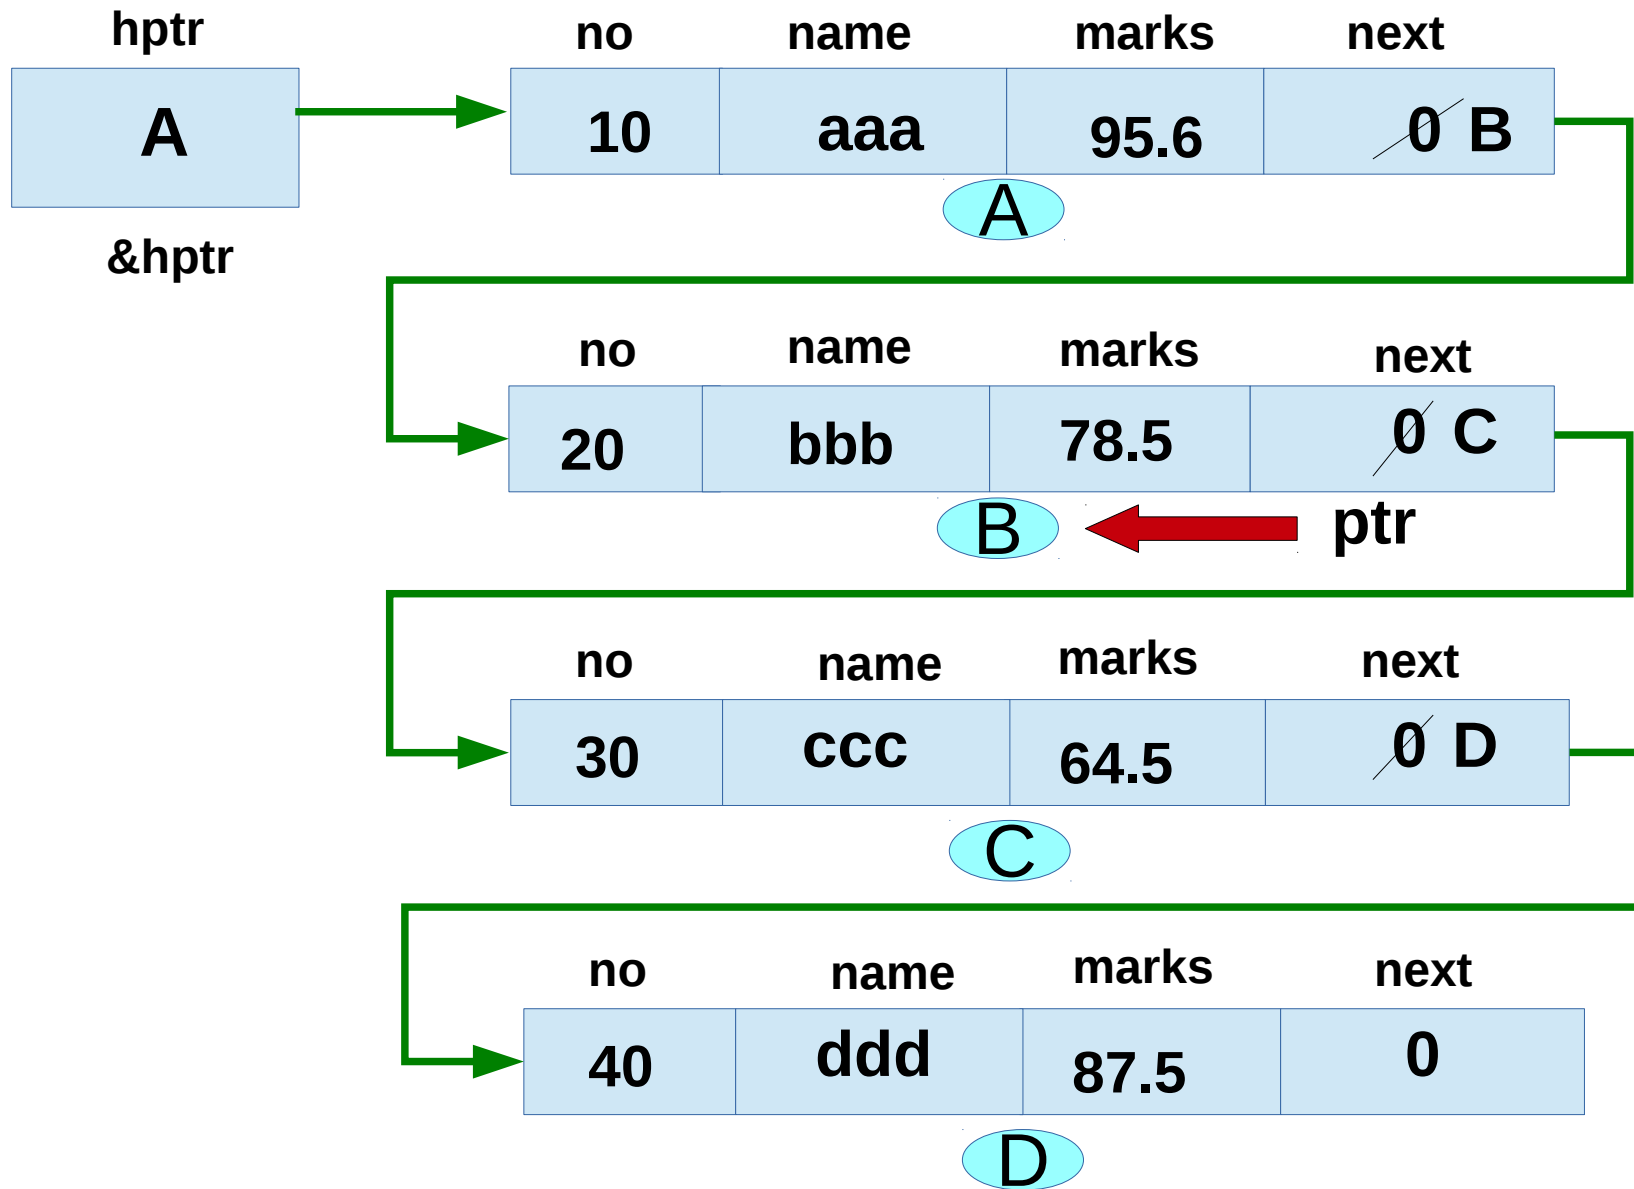

# Printing the records

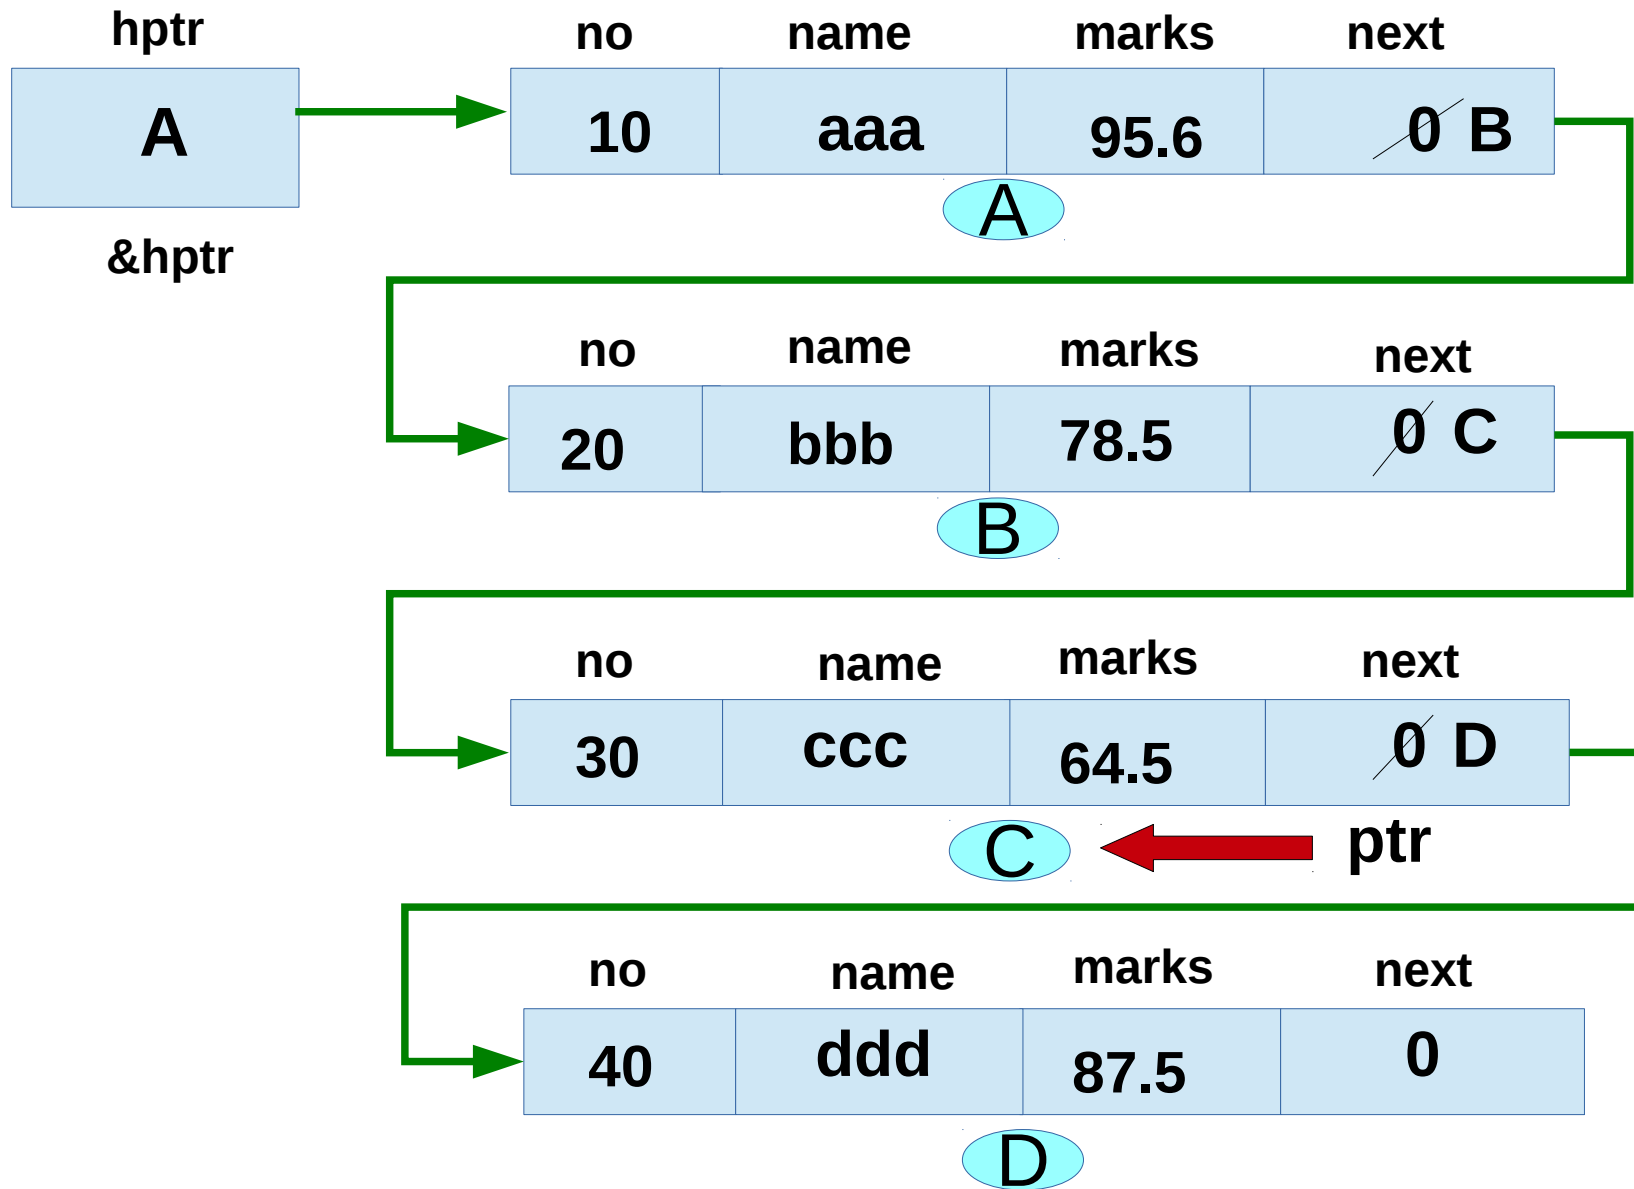

# add\_end

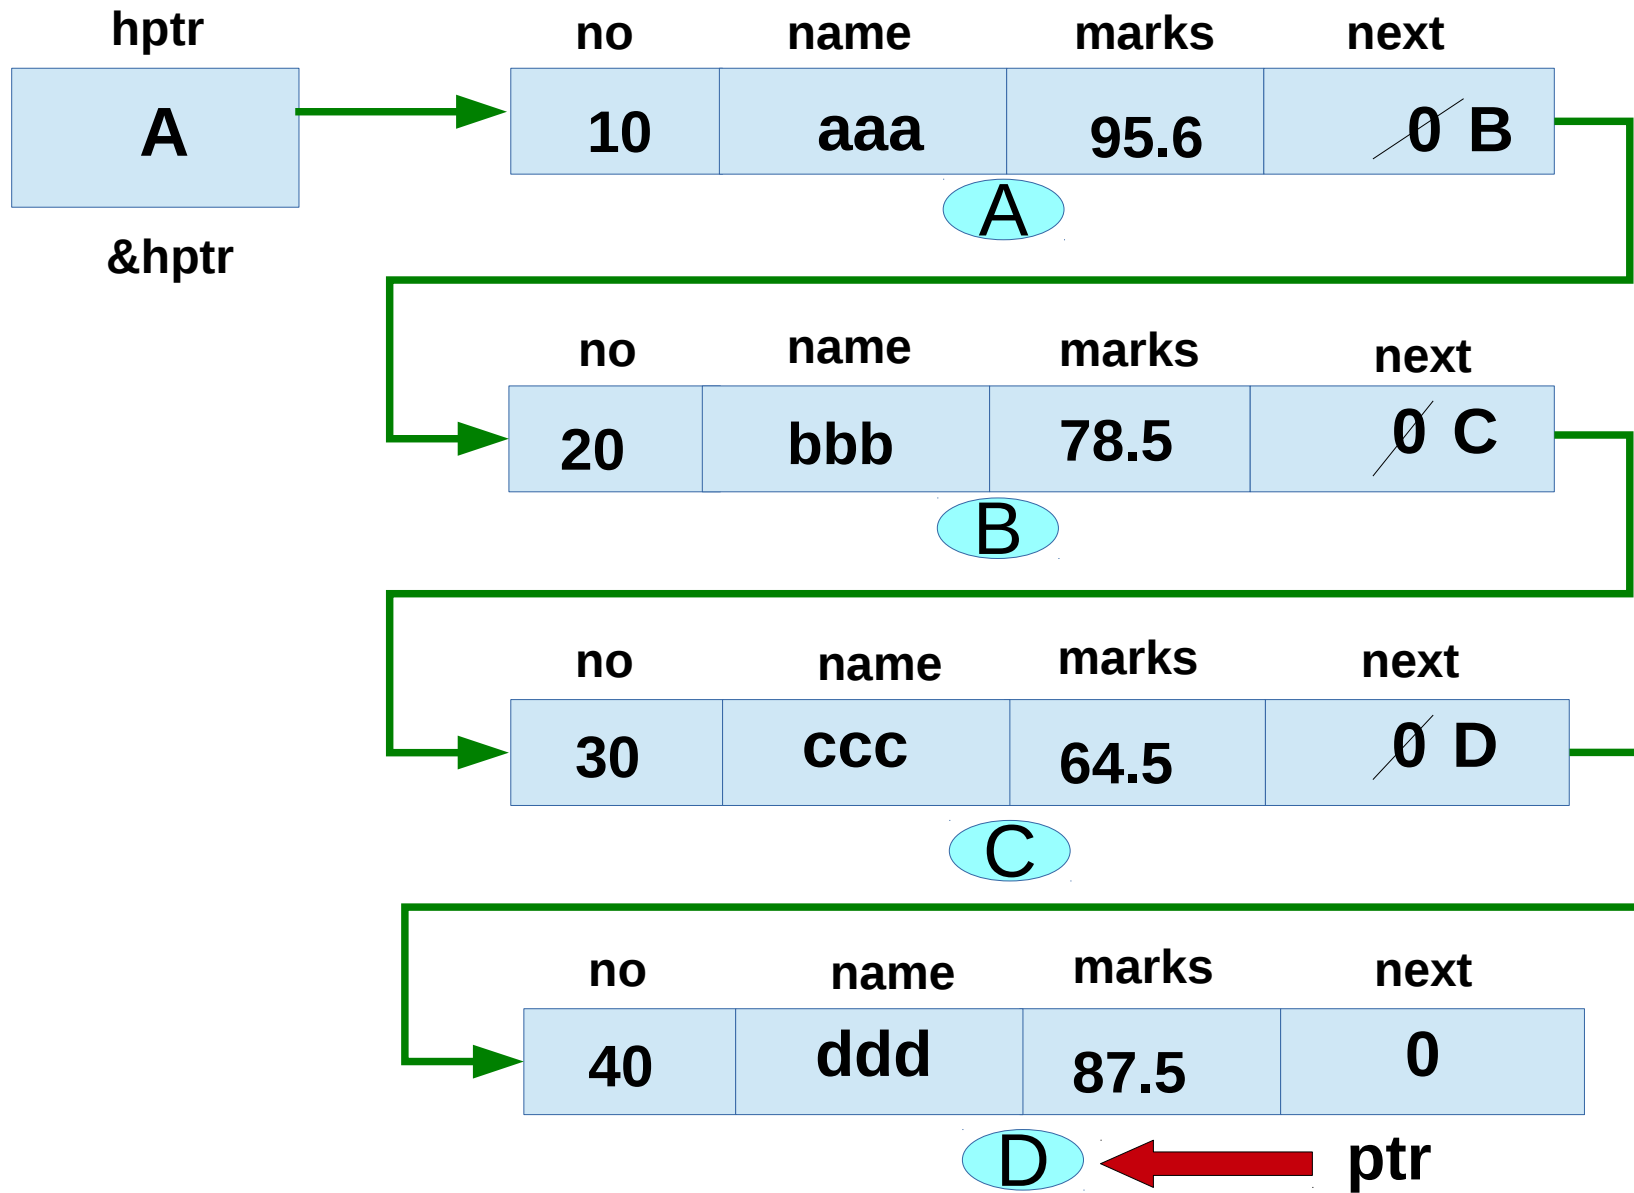

# add\_end

# add\_end

# add\_end

# add\_end
